Dear Child Care Provider,

This letter is in regards to the September 4, 2014 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home.

The following areas were out of compliance at the time of my visit:

☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone. *Provider needs to have these posted or easily accessible by phone.*

☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits. *Provider has one by the back door but also needs one by the secondary exit of the home.*

☐ **110.5(2) A provider file is maintained and contains:**

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. *Provider has a current physical but could not locate husbands physical. She reported she has it and believes it was misfiled. She will locate/obtain and put in correct file.*

☐ **110.5(8) Children's Files**

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. *The provider uses her own forms but they are not all dated. Provider agreed to ensure parents date their forms. There is no way to tell if the files are updated annually due to lack of dates on paperwork. Provider agreed to correct.*

Each file contains: *There are 8 children currently enrolled in the daycare.*

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment. *Provider has been using own form for Medical Consent and all children had one. These forms do not have all the necessary information and are not dated. Provider was encouraged to use DHS forms and a copy of the form is included with this letter for provider to use.*

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. *One child was missing. Provider reported she had an updated physical but it must have been incorrectly filed. Provider agreed to locate/obtain and put in file.*

110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"

The provider was not over numbers at the time of the visit. This is included as a reminder to provider regarding how many children she can care for.

110.9(1)a Not more than six preschool children present at any one time including infants.

110.9(1)b Of these six children, not more than four children who are 24 months of age or younger are present at any one time.

110.9(1)b Of the four children under 24 months of age, no more than three may be 18 months of age or younger.

110.9(1)c Not more than four additional school-age children.

110.9(1)d Not more than two children who are receiving care on a part-time basis at any one time.

110.9(1)e Not more than 12 children present when the emergency school closing exception is in effect.

110.9(1)f When more than 8 children are present for more than two hours, a DHS-approved assistant at least 14 years old is present.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: October 31, 2014.
